

### REMARKS

The drawings were objected to by the Examiner. There have been a number of changes to the drawings as well as to the specification on page 8, which now make the drawings and the specification consistent. Annotated copies of the drawings showing changes in red are submitted herewith which are believed to overcome these objections.

The specification has been amended to correct the problems kindly noted by the Examiner.

By this amendment, the specification has been amended to reflect the serial numbers of related cases.

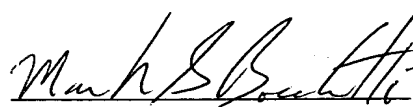

Claim 9 has been amended to correct the informalities, kindly noted by the Examiner.

Claims 1-17 have been allowed.

It is believed that these changes now make the claims clear and definite and, if there are any problems with these changes, Applicants' attorney would appreciate a telephone call.

In view of the foregoing, it is believed that this application is believed to be in condition for allowance, the notice of which is respectfully requested.

Respectfully submitted,

Attorney for Applicant(s)
